Les Sparks

“The Optimum365 program is here to help your congregation acquire health and wellness. I am extremely passionate about promoting the word of God through helping people live healthier, happier and more productive lives.”

What is Optimum365?

Optimum365 is a one of a kind, comprehensive disease prevention and optimal health educational program. It seeks the truth of Gods word in relation to caring for his temple and the body of Christ.

The program runs for 8 weeks/modules and lasts 2 hours each week. The 1st hour is a PowerPoint presentation, followed by a 45 minute group exercise session and finishes with 15 minute prayer/praise.

The weekly presentations are designed to teach and empower participants with the knowledge needed to avoid many of the culprits of disease, and help facilitate the lifestyle choices needed to achieve optimal health. Knowledge is empowering!

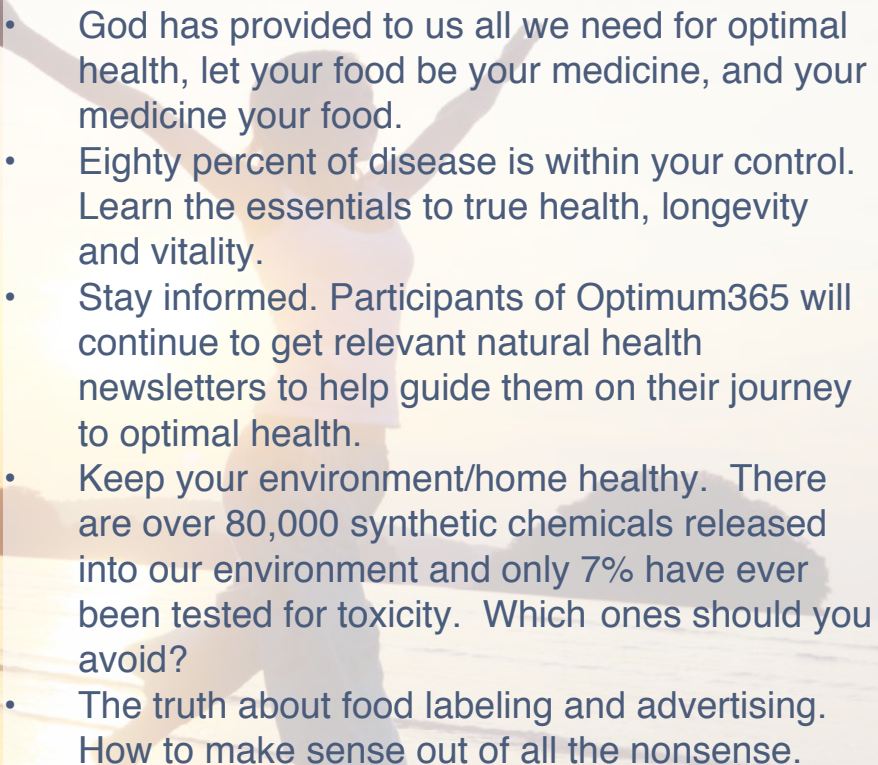

10 Reasons why your church would benefit from this program

- Serve and honor God by taking care of his temple. For you yourself is God's temple, and his spirit dwells within us. (1 Cor. 3:16)
- "For we wrestle not against flesh and blood but against principalities, rulers and authorities in this dark world". (Ephesians 6:12). Learn how we are being "deceived" by the powers that be, and what you can do about it.
- Learn how to reduce your chances of becoming a victim of the leading causes of death in the US.
- The love of money is the root of all evil (1st Timothy 6:10). Learn which industries, because of their power and greed, are actually more about protecting their profits than concerned about your health.
- How to recognize and avoid the food ingredients that lead to disease.
- Exercise is the best medicine. We all need to start somewhere. We tailor each exercise prescription.

"To be physically fit is good, we all know that, but it is not always easy to find the time or give it the attention it deserves. Les gives it the attention and importance it deserves and shares his knowledge of exercise and consummate knowledge of nutrition with his clients. His workouts are straight forward, demanding, specific to his client, always fun, and the benefits are many. I have found that sticking to my workout pattern several times a week along with Les' sound nutritional advice, has markedly improved my physical strength and endurance.
